Dear Mr Chairman,

The Municipality of the Urban County of Szombathely, the Savaria Museum (County Museums Authority) and the Saint Martin Institute, as well as the Hungarian Council of the Saint Martin European Cultural Route, are holding an international conference on May 16-17, 2019, on the legacy of Saint Martin in Europe and Hungary. The continuous reverence for Saint Martin is significant not only in Hungary, but throughout Europe. We feel it is an important and immediate task to preserve the European values related to his reverence, as well as tending to his legacy.

We wish to respectfully invite you to this conference, and would also like to request you hold a 20-minute presentation, to facilitate the intellectual assets related to Saint Martin be added to more international or regional heritage lists, and in a long-term perspective, to the World Heritage List of UNESCO.

Language of the programme: English and Hungarian – with simultaneous translation

Conference starting time: May 16, 2019 09:00, closing time: May 17, 14:00

We will ensure accommodation for presenters, as requested, for May 15th and 16th, and if needed, May 17th as well.

The detailed programme of the meeting will be sent early April.

We wish to welcome you as a presenter for this conference, therefore we hope that you will accept our invitation and request!

We await your reply at the following address and will be available to answer any additional questions at the following email address:
